Community Care Physio
Provider information and due diligence statement

This statement sets out the registrations, checks, insurance, governance arrangements and commercial terms of Community Care Physio for organisations that instruct and fund physiotherapy for their clients. It accompanies our referral pack and terms of engagement. Copies of every certificate and policy named here are available on request.

1 Provider details

Trading name	Community Care Physio
Legal status	Sole trader. Proprietor Zakery Shelley **[confirm, or give company name and number]**
Lead clinician	Zakery Shelley, Physiotherapist, HCPC PH132358
Business address	**[registered or correspondence address, postcode]**
Telephone	07508 401627 (call or WhatsApp)
Email	infoccphysio@gmail.com
Website	www.communitycarephysio.co.uk
Service	Home visit physiotherapy: assessment, treatment, written reports and GP liaison for adults, delivered at the client's home
Area covered	South West London: SW postcodes, Morden, Mitcham, New Malden, north Kingston and Richmond. Travel included within this area
Availability	Late afternoon and evening on weekdays, and weekends, so relatives and carers can be present
Clinical focus	Neurological rehabilitation (stroke, Parkinson's, MS), falls and frailty, recovery after hospital discharge or surgery, musculoskeletal care in older adults, including clients with cognitive impairment
Capacity	One named clinician for each client from assessment to discharge. An established network of physiotherapists provides additional capacity or specialism where needed, so capacity is not a barrier to accepting a referral

2 Professional registration and membership

HCPC	Zakery Shelley, Physiotherapist, registration number PH132358. Verifiable at hcpc-uk.org/check-the-register
Professional body	Member of the Chartered Society of Physiotherapy (CSP). Membership number **[number]**
Background	NHS community rehabilitation. Community rehabilitation, neurological recovery, falls prevention and musculoskeletal care
Continuing development	CPD maintained to HCPC standards. Adult safeguarding, basic life support, moving and handling, and infection prevention and control training kept current

3 Checks and insurance

Enhanced DBS	Enhanced Disclosure and Barring Service check with adults' barred list. Certificate number [number], issued [date][, DBS Update Service subscribed: yes or no]
Professional indemnity	Held through CSP membership. Insurer [name], policy [number], limit of indemnity [amount], expires [date]
Public liability	Held through CSP membership. Limit [amount], expires [date]
Data protection	Registered with the Information Commissioner's Office. Registration number [number]
Right to work	Confirmed. Evidence available on request

4 Clinical governance

- **Standards.** Practice follows the HCPC Standards of Proficiency for Physiotherapists and the HCPC Standards of Conduct, Performance and Ethics, and the CSP Code of Members' Professional Values and Behaviour.
- **Assessment.** Full subjective and objective assessment at the first visit, including home environment, falls history, medication review and goals. Outcome measures: Timed Up and Go and Tinetti at baseline, with the Berg Balance Scale, Elderly Mobility Scale, Edmonton Frail Scale and 6CIT where indicated, repeated at review and discharge.
- **Physiological safety.** NEWS2 observations recorded at each of the first three sessions and whenever clinically indicated. Treatment is deferred and the GP informed where the client is not medically fit on the day. Written liaison with the GP where findings need medical review.
- **Records.** Contemporaneous clinical notes for every contact, stored encrypted, retained for 8 years after discharge. Reports sent as password protected PDFs.
- **Consent and capacity.** Written consent at the first visit, before assessment and before any information is shared. Mental Capacity Act 2005 principles applied, with best interests decisions involving family and the case manager where capacity is lacking.
- **Incidents.** Recorded at the time and reported to the instructing organisation within one working day.

5 Safeguarding and lone working

- Adults at risk are safeguarded in line with the Care Act 2014 and the procedures of the relevant local authority safeguarding adults board. Concerns are raised with the instructing case manager and the local safeguarding team the same working day.
- Lone working follows a check in and check out routine for every home visit, with a nominated contact aware of each visit.
- Safeguarding adults policy and lone working procedure available on request.

6 Information governance

- Personal and special category data are processed under the UK GDPR and the Data Protection Act 2018, under Article 9(2)(h) for the provision of health care.
- Records are held in an encrypted booking and records system with nightly encrypted backups. Card payments are processed by Stripe; card details are never held by the practice.
- Clinical documents are sent as password protected PDFs with the password agreed at acceptance and sent separately. Privacy notice published at communitycarephysio.co.uk.

7 Service standards and timescales

Referral acknowledged	Within 1 working day, confirming whether the referral can be accepted
Initial assessment	At the client's home within 10 working days of your go ahead
Assessment report	Within 5 working days of the visit, with findings, outcome measures and a costed treatment plan
Progress and discharge reports	Within 10 working days of the review or final visit
Liaison	In writing, with the client's consent, after any significant change. Routine email questions answered within 2 working days at no charge
Scope	Treating therapist work only. No expert witness or court reports, 24 hour or emergency care, hydrotherapy or gym based rehabilitation

8 Fee schedule

Service	Standard	Complex needs
Initial assessment at home, 60 min	£100	£130
Assessment report	£50	£75
Follow up session, 45 min	£75	£90
Extended session, 60 min	£90	£105
Progress or discharge report	£50	£75
Additional letter or liaison document	£50 per document	
Travel outside the core area, per visit	£15 nearby · £35 extended	

Complex needs rate applies where more clinical time is needed (neurological conditions, recent discharge, high falls risk, cognitive impairment, several long term conditions, complex transfers, carer involvement). Agreed before the first visit, never added afterwards. VAT not applicable.

9 Invoicing and cancellation

- Invoices are numbered (CCP-YYYY-NNNN), itemised by visit date and quote your case reference and purchase order number.
- Issued monthly in arrears or with each report. Payment by BACS within 30 days. Bank details appear on every invoice.
- Treatment may be paused where an invoice is more than 30 days overdue, with notice to you and the client.
- Visits cancelled with less than 24 hours' notice, or where the client is not available, are charged at the session fee. No charge where the cancellation is ours.
- The written quote and our terms of engagement (v1, October 2026) govern each instruction.

10 Complaints

- Complaints are acknowledged within 2 working days and answered in writing within 20 working days.
- Independent routes: the Health and Care Professions Council for professional conduct and the Information Commissioner's Office for data handling.

11 Documents available on request

- HCPC registration confirmation and CSP membership certificate
- Professional indemnity and public liability insurance certificate
- Enhanced DBS certificate
- ICO registration certificate
- Terms of engagement and fee schedule
- Safeguarding adults policy, lone working procedure, complaints procedure
- Privacy notice and data retention statement
- Referral pack with sample assessment report

Declaration. I confirm that the information in this statement is accurate at the date below, that the registrations, checks and insurance listed are current, and that I will notify the instructing organisation in writing of any change to them while an instruction is open.

Signed: Zakery Shelley, Lead Clinician, Community Care Physio	Signature	Date
